Dear customer.

**Stone Senses by Stone Consulting** offers exclusive and high-quality natural stone and derivatives.

**With 25 years of experience** in design, creation and manufacturing, we have built high-end expertise and a network of professionals in the natural stone industry. We turn your ideas into solutions.

With our participation in our **own quarries** and factory units in Morocco, we have direct control over the quality and delivery of natural stone. We deliver customised solutions, including packaging, pallets, labels, etc.

Our professional staff contribute to constant quality and service during the production process.

Stone Senses by Stone Consulting also provides the necessary documentation, such as CE certification, DOP (Declaration of Performance). All orders and deliveries are traceable via track and trace. We continue to communicate.

Through our **membership of BNSA** (Benelux Natural Stone Association), we are involved in the industry and adhere to strict standards and guidelines. We are also an active member of Trustone and closely follow its Code Of Conduct. Ethical practices and quality are paramount.

**Stone Senses by Stone Consulting** stands for mastery, innovation, experience, control over the production chain and compliance with standards.

In this catalogue, we proudly present to you a large selection of aesthetic and quality natural stone for your next project.

Kind regards,

Chris Van Kerschaver  
Salesmanager  
Stone Consulting NV – Stone Senses.

Beste klant.

**Stone Senses by Stone Consulting** biedt exclusieve en hoogwaardige natuursteen en afgeleiden.

**Met 25 jaar ervaring** in ontwerp, creatie en fabricage hebben we in de natuursteen industrie een high-end expertise en een netwerk van professionals opgebouwd. Wij zetten uw ideeën om in oplossingen.

Headquarters in Oostkamp (Bruges), Belgium, founded in 2000 by Julien Vanhollebeke.

Over thirty years of experience in the world of stone and ceramics was used to establish joint ventures with various companies abroad. New products with special niches are created by combining knowhow and specialised machinery.

Today, Stone Consulting is active in Morocco, and also Asia, including China, India, Vietnam, Indonesia, and Tunisia. On our website you will find information about the products we currently stock in our warehouses. Customers can check our available stock online via the website and place their order in real time.

We have developed a unique track and trace system for customers who purchase containers directly from our various partners. This programme allows customers to track the containers from order to delivery by means of an online logbook. At our companies abroad, a team is permanently at your disposal to ship the materials in the fastest and most suitable conditions and deliver them to their final destination all over the world.

In 2000, a new milestone was inevitable. In 2010, all the special materials were brought under the branch name 'STONE SENSES'.

In 2019 we became member of Trustone to put our due diligence in a code of conduct. In 2020 Fabrice Rogiers became member of the board to lead Stone Consulting through the future.
